

Sport in Regional Australia

MEETING FUTURE CHALLENGES

The Sport in Regional Australia conference is dedicated to examining important sport performance, management and development issues within the context of the challenges and opportunities that exist in regional and rural Australia.

Convened by La Trobe University and held in Bendigo, Victoria, this conference is a must for those who are involved within the sport industry in regional and rural Australia.

The conference will:

- Focus on issues that impact the performance and participation of regional and rural Australians
- Examine issues that impact the operations of regional sport organisations and providers
- Highlight best practice industry insights and research relevant to regional and rural sport

The conference program will include discussions and panels on:

- Participation and Physical Activity
- Coach Welfare and Development
- Facility Management
- Pathways
- High Performance
- Nutrition and Supplements
- Volunteering
- Psychology
- Events
- Governance
- Climate Change and Sustainability
